Section 1: Budget Message

I am pleased to present for your consideration the proposed 2019 William Shore Memorial Pool District (District) budget for the fiscal year beginning January 1, 2019 and ending December 31, 2019. The District budget serves three primary purposes: 1) financial accountability; 2) strategic planning; 3) public accountability. This document assists the District in maintaining high quality service at the lowest possible cost while addressing the strategic goals of the District. The District's budget is in compliance with the provisions of the Washington State Revised Code (RCW) relating to tax levies and budgets of Metropolitan Park Districts and District policy. All required hearings have been held with the appropriate notice provided.

This document serves as a single guiding document for the District's:

- 1. Financial priorities and planning;
- 2. Short and long-term financial forecasting;
- 3. Capital Projects planning.

Therefore, the annual budget document provides annual updates in all four during our budget development process. The budget represents our fiscal priorities for the upcoming twelve months of operation based on our strategic and capital improvement plans, which moves the District closer to achieving its mission and vision. Approval of the annual budget is one of the most important responsibilities of the Board of Commissioners (Board) due to its comprehensive nature.

The District follows the nationally recognized guidelines for effective budget presentation by the Government Finance Officers Association of the United States (GFOA) and the Washington Finance Officers Association (WFOA). These guidelines are designed to enable the District's budget document to serve as a financial policy document, financial plan, operations guide, strategic plan and a communications device. Financial excellence and accountability is one of the five core values of the District and using these guidelines results in receiving annual recognition for the quality and effectiveness of our annual budget document. This recognition represents a significant achievement by the District; it reflects the commitment of our Board of Commissioners and District staff to meeting the highest principles of governmental budgeting.

In 2019, the District will be undertaking an extensive renovation and expansion project that will require the facility to be closed for 9-10 months. As a result, budget revenue and expenses will not align with previous years. The facility is scheduled to close on April 1, 2019 and will reopen after December 31. 2019.

EXPENSES:	\$2,352,097	\$2,432,716	\$16,802,187

Chart 1: 2018-2019 Budget Comparison

The District is fiscally healthy, with sufficient revenue to meet operational and capital needs, debt service and maintaining an adequate ending balance in the General Fund and Capital Fund for our policy reserve requirements. In 2018, the District updated its Financial Policy in preparation for the issuance of General Obligation Bonds for the renovation and expansion project. This policy created a Capital Fund to be used for capital projects and debt service. It also updated our cash reserve amounts for each fund.

Because programming has reached the maximum potential due to space constraints, the District Commissioners committed to a major expansion and renovation project. The District selected ARC Architects and Neeley Construction to complete the project. The estimated cost of the project is \$16,621,000 and will be financed with bond issues and state grants and cash reserves. The construction is scheduled to begin April 2019 and finish in December 2019.

The assessed value (AV) of taxable property is starting to increase from the low in 2014. In 2019, the AV is estimated to increase by 9.8%. With the upcoming expansion project and Bond issues totaling \$12,498,941 million in bonds, the 2019 budget recommends to raise our District tax levy from \$0.24 to \$0.36 per \$1,000 of assessed value, estimated at \$1,250,000 for operations and debt service.

We welcome feedback on the design of the budget document and its content. Feel free to contact me via e-mail (sburke@williamshorepool.org), telephone (360) 417-9767 or stop by our office at 225 E. 5th St., Port Angeles.

I look forward to working with the Board of Commissioners in the coming year.

Respectfully,

Steven D Burke, AFO Executive Director

William Shore Memorial Pool District

Section 2: Budget Summary and Highlights

The District strives to maximize effectiveness, efficiency, and value to the community. In addition, we endeavor to be transparent in our decision-making and financial affairs to allow our taxpayers and the District's voters to have the ability to assess if we are making efficient use of public funds and providing good value for the cost of our services.

Chart 2: 2019 Budget Summary

EXPANSION PROJECT

Construction for the renovation and expansion project will start April 1, 2019. The 2019 project cost estimate is \$15,377,000. The District will receive over \$4,250,000 in grant and state capital appropriations. The total project cost is estimated at \$16,621,000. The District will use the General Contractor/Contract Management (GC/CM) procurement method for the project. Neeley Construction has been selected as the General Contractor for the project. Part of the project will be to relocate the Horizon Center to their new location on 8th St. to make room for expanded parking. See Attachment 1 for the current project budget.

FACILITY CLOSURE

The facility will be closed for 9 months of the year. Staffing will be reduced to only cover the SPARK Squad program that will remain in operation at a City of Port Angeles facility. The Executive Director will be assuming the role as the Project Manager and the Aquatics Manager and Assistant Manager will remain full-time to manage the remaining staff.

OPERATING EXPENSES

Operating expenses will be low due to only having 3 months of full facility operations.

PROGRAM CHANGES AND REVENUE

The SPARK Squad will remain operational for the entire year with over 60 children. A summer camp and lunch program will continue as well. Estimated 2019 revenue from this program is \$130,000.

BOND AND LOAN OBLIGATIONS

In June of 2018, the District issued \$10 million in General Obligation Bonds to finance the renovation and expansion project. The District will issue \$2.5 million in additional bonds during 2019 to finish the financing of the project. The District currently has three General Obligation Bonds and two Washington State LOCAL Loans that require a 2019 payment of \$831,348 for principle and interest. At the end of 2019 our total debt balance will be \$12,615,768.

RESERVE CASH BALANCE

The District is maintaining a cash balance of approximately \$692,128, which is in excess of the minimum financial policy of three months operating fund reserves (\$120,000) and six months of debt service payments (\$416,000).

PROPERTY TAX LEVY

The 2019 budget recommends a District tax levy at \$0.36 per \$1,000 of assessed value, estimated at \$1,250,000. This increase is necessary to make the debt service payments from the Bonds issued for the renovation and expansion project.

PASSAGE OF INITIATIVE I-1433

The District will see an increase of personnel costs in 2019 and 2020 to cover the costs associated with the minimum wage increases requited in Initiative I-1433. In 2019, the District is also required to provide sick leave to all part time and full time employees. The minimum wage will increase an additional 8% in 2019 and 2020.

2019 BUDGET HIGHLIGHTS

The 2019 budget highlights are:

- District assessed property values increase by 9.8% for 2019
- Increase the tax levy from \$0.24 to \$0.36 per \$1,000 of assessed value.
- Increase of \$38,000 (8.5%) in personnel costs to cover new sick leave and minimum wage increases required by I-1433.
- Health benefits for full time employees of \$33,000
- Maintaining General Fund reserves of approximately \$120,000
- Maintaining Capital Fund reserves of \$416,000.
- Complete facility closure for 9 months for the renovation and expansion project
- Completion of the renovation and expansion project (\$16,621,000)
- Grant awards of \$1,250,000 for the renovation and expansion project
- Bond and loan debt service payment of \$831,348 with an ending debt of \$12,615,768 for 2019.

Section 4: General Fund

The General Fund is the general operating fund of the District. It is used to account for all financial revenue and expenditures of the District. Taxes and program revenue are the major sources of revenue. The year-end 2019 General Fund balance/reserves is estimated at \$555,241, an increase from the estimated 2018 year-end projection.

The District, by policy, is to maintain a cash balance in excess of three months operating fund reserves (\$120,000). This will be exceeded due to the renovation and expansion project and the anticipation of a 9-month facility closure.

GENERAL FUND CASH BALANCE

2019 GENERAL FUND REVENUE

Due to the complete closure of the facility for 9 months, the 2019 General Fund revenue will be artificially low. The only program that will run for the entire year will be the SPARK Squad, which will utilize a City of Port Angeles facility to operate. SPARK Squad revenue will be \$130,000 for 2019.

The 2019 District levy will increase \$500,000 (66%). With the estimated increase of assessed property values (AV) of 9.8% it will increase the levy rate from \$0.24 to \$0.36 per \$1,000 of AV. The District's Assessed Value (AV) is estimated to increase over the next 3-5 years. The District will collect 98% of property taxes in the year in which they are levied (based on historical data for tax collection within the District). Delinquent property tax payments in prior years have a total outstanding balance to the District of less than \$10,000.

GENERAL FUND REVENUE ANALYSIS AND ASSUMPTIONS

The four following revenue assumptions were used in developing the District budget:

- Timber revenue can range from \$0 to \$30,000 without any notice. In 2019 timber revenue is estimated to increase over 2018 due to increased levy rate.
- Previous years' property tax payments that have not been paid total less than \$10,000.
- The Revised Code of Washington (RCW) limits Metropolitan Park Districts to a maximum regular property tax rate of \$0.75/\$1000 of assessed value (RCW 36.61.210). In 2019, the District will have a regular property tax rate of \$0.36/\$1,000 of assessed value.
- Program revenue will be reduced by approximately 75% due to facility closure.

EARNED REVENUE

In determining the financial health of a Park District, the key indicator is the growth of the District's earned revenue or non-tax revenue. Earned revenue incorporates all the charges for service and program revenues for the District. Even though the largest single source of revenue for all Park Districts will be property tax revenue, earned revenue is always the best indicator of the financial health of the District. In 2019, District earned revenue will be down 75% due to facility closure. The chart below shows the earned revenue in each category.

Section 5: Capital Fund

The Capital Fund is used to account for all capital expenditures and debt service payments of the District. Transfers from the General Fund are the major sources of proceeds for the Capital Fund. The Capital Fund was started in 2018 with a zero balance. The year-end 2019 Capital Fund balance/reserves is estimated at \$214,887.

The District, by policy, is to maintain a cash balance of 6 months of debt service payments, which is currently \$416,000.

CAPITAL PROJECTS

In 2019, the District will have only one capital project, the renovation and expansion of the facility. The facility will close and begin construction on April 1, 2019. The project should be done by December 31, 2019.

BOND ISSUES

For the renovation and expansion project, the District issued a public General Obligation Bond for \$10,000,000 in June of 2018. The first payment on this bond will be June 1, 2019. The District is scheduled to issue \$2,500,000 in a private placement Revenue Bond in April of 2019 for the remainder of the financing needed for the project.

BOND PAYMENTS

Currently, the District has three General Obligation Bonds and two Washington State LOCAL Loans that requires a 2019 payment of \$831,348 for principle and interest and will have a remaining debt balance of \$12,615,768 at the end of 2019.

CAPITAL FUND REVENUE ANALYSIS AND ASSUMPTIONS

The following revenue assumptions were used in developing the District budget:

- The District will issue \$2,500,000 in Revenue Bonds in 2019
- A \$750,000 Grant from the Washington Dept. of Commerce's Community Development Block Grant Program will be received as a reimbursement grant.

- A \$500,000 Grant from the Washington Recreation and Conservation Office Grant Program will be received as a reimbursement grant
- \$1,500,000 in Washington State Capital Budget appropriations is anticipated
- Interest earnings of 3% may change due to the amount of bond deposit balances.

CAPITAL FUND EXPENDITURE ANALYSIS AND ASSUMPTIONS

The following four expenditure assumptions were used in developing the District budget:

- The District will expend \$15,377,000 in bond proceeds for the capital project and will be completed by December 31, 2019. Delays in construction may push capital expenditures into 2020.
- Debt service will be \$831,348.

Section 6: Financial Forecasting

10-YEAR FINANCIAL FORECAST

The purpose of the financial forecast is to help make informed budgetary and operational decisions by anticipating future revenues and expenditures, and highlighting anticipated fiscal risks and opportunities. The forecast surfaces major known fiscal conditions and projected future conditions to support informed long-term planning and decision-making regarding operational and capital improvement resources. The forecast is not only a necessary strategic planning tool for financial sustainability, but also ensures the District's compliance with current best practices across other local governmental entities.

The forecast is not a budget and does not include any proposed balancing solutions. Instead, it is a planning tool to identify the opportunities and challenges over a longer time frame and take appropriate measures to address them, which will include enhanced revenue resulting from continued economic growth and cost control initiatives.

Unfortunately, forecasting beyond 2019 is difficult because revenue and expenses are difficult to predict when the facility reopens in December of 2019. In order to attempt to make this forecast useful, the model shows new revenue and new expenses as a zero sum gain.

FORECAST ASSUMPTIONS AND ANALYSIS

- 1. Forecast model uses an objective view of revenue and expenditures based upon historical data.
- 2. Due to the facility expansion and the increase in program offerings, revenue and expenses may need to be adjusted after a full year of operating in the new facility.
- 3. The forecast model shows new revenues being offset by the same amount of new expenditure.
- 4. The forecast model uses a very conservative estimate of program growth of 5%.
- 5. The forecast model uses a CPI of 3% to estimate expenditure cost increases in addition to the anticipated expenditures related to an expanded facility.
- 6. Debt retirement in 2024 will free up \$160,000 in debt service payments.

Section 7: Taxing Authority

DISTRICT STATUTORY TAXING CAPACITY

The maximum lawful tax rate a Metropolitan Park District is allowed by Revised Code of Washington (RCW) section 35.61.210 is \$0.75 per \$1,000 of District assessed valuation. The 2019 levy tax rate is estimated at \$0.36. We aren't anticipating needing the remaining taxing capacity in the operation of the District.

HISTORICAL PROPERTY TAX FOR DISTRICT AND ALL LEVY AMOUNTS

Property taxes are assessed to the citizens in March of each year with the 1st half payment due on April 30th and the 2nd half due on October 30th. Several limitations control the growth of regular property tax levies and revenues:

- Initiative 747 (RCW 84.52.050), voter approved in 2001, requires state and local governments to limit their property tax increases to 1% each year, or the IPD, whichever is less, unless an increase greater than this limit is approved by voters in an election.
- Revised Code of Washington (RCW) 84.52.043(2) limits all regular tax levies within counties to \$5.90 per \$1,000 of assessed value (AV). If the taxes of all districts collectively exceed this amount, a proportionate adjustment is applied until the total is reduced to the 1 percent limit.

Initiative 747 limitations do not apply to the District in the near term because the District has only been using a portion of the maximum lawful levy limit and would only apply when the District reaches its levy limit of \$0.75 per \$1,000 of assessed value.

2019 LEVY

The levy rate is a product of the amount of the total taxes assessed and property values. After the District establishes the levy amount by the District Board of Commissioners rate, the County applies the total assessment to the total property values within the entity that then results in a levy rate per \$1,000 of assessed value

The Clallam County Assessor's Office has certified the property values (assessed values/AV) for the District at 9.8% higher than 2018 assessed values. This increase in property values is still 1% lower than A/V's in 2009 when the District was formed.

The District Board has decided to increase the levy amount from \$0.24 to \$0.36 in anticipation of the new debt service that will begin in June of 2019. The levy increase will provide the needed cash reserves to our Capital Fund and finish the renovation and expansion project.

The District Board has continued to have the District citizen's best interest in mind during the budget process concerning regular property taxes. The table below provides a history of levy rates.

OTHER TAXING REVENUE

The District also receives tax revenue from timber harvest taxes and excise taxes and proceeds from the sale of county timber. These revenues vary drastically from year to year and are difficult to predict.

Section 8: Long Term Debt

DEBT MANAGEMENT POLICY

The District's financial policy was updated in 2018 as part of the bond rating process. S&P Global gave a rating of AA stable, which is an excellent rating for a first rating in May of 2018. Debt policy is to plan and direct the use of debt so that debt service payments will be a predictable and manageable part of the annual budget. The District will raise capital at the lowest possible cost through maintenance of a high credit rating and reputation in the credit markets.

DEBT ISSUED

The District issued two Public General Obligation Bonds in 2018. An Unlimited Tax General Obligation Bond was issued for \$3,500,000 and a Limited Tax General Obligation Bond was issued for \$6,165,000 with a \$333,941 premium for a total of \$9,998,941.

The District will issue \$2,500,000 private placement Limited Tax Revenue Bond in 2019. All bond issues were to finance the renovation and expansion capital project.

DISTRICT STATUTORY DEBT LIMITS AND AVAILABLE CAPACITY

In accordance with RCW 35.61.100, the District may incur non-voter approved debt to the maximum of 0.25% of the District assessed valuation. In addition, in accordance to RCW 35.61.110 the District may, together with existing voter-approved indebtedness and nonvoter-approved indebtedness, increase debt to a maximum of 2.5% of the District assessed valuation.

Voter approved Proposition 1 in 2017, approved the District to issue \$3,500,000 in voted debt.

Section 9: Personnel

The District Budget for 2019, 77% of the General Fund operational expenditures are dedicated to wages, salaries and benefits. The District has several classifications of employees from part-time to full-time salaried. The District employs approximately 50 full and part-time staff. Currently, the District has no collective bargaining agreements with any classification of employees. In a normal year the District facility is open 103 hours per week, which requires 2.5 FTE's for each staffed position. After the renovation and expansion the District will need to increase lifeguard staff and add a full-time front counter position.

In 2019, District wages and benefits will be lower due to the complete closure of the facility of 9 months. All lifeguards and instructors will be furloughed during the closure. Unemployment will be available for them.

MINIMUM WAGE AND SICK LEAVE CHANGES

The initiative I-1433 affects us by requiring us to adjust minimum wage and to provide sick leave. The minimum wage affects us by needing to raise all tiers since the lowest tier is increasing. The table below shows how the minimum wage increases will occur.

Date	Hourly Rate Under I-1433	District Starting Rate
2017	\$11.00	\$11.25
