ACTION ITEMS

- 1 Minutes of May 25, 2010 **ACTION TAKEN:** CCKm to approve, CPDs, mc
- Vouchers for the Period Ending June 22, 2010
 <u>ACTION TAKEN:</u> CPDm to approve the vouchers for a period ending June 22, 2010 for a total of \$34, 205.14, CGHs, mc
- 3 Leasing Copier/Scanner/Fax Machine
 - There is a need for a color copier and fax machine and it is most beneficial to get an all-in-one machine for the pool. The cost of a new machine will include the trade-in of the current copier. Charlie McClain recommends the Canon IR 3235 at a total cost of \$127.13 per month which would include the cost of maintenance and toner. CGH asked if the cost of this item was included in the 2010 budget and Charlie answered positively.
 - **ACTION TAKEN:** CCKm to authorize the lease of a Canon IR3235 for five years from Pacific Office Equipment at a total cost of \$127.13 per month, CMDs, mc
- Port Angeles Swim Club (PASC) Contract
 CMC asked to refer this item back to the finance committee and the attorney for further review.

 ACTION TAKEN: CMDm to approve the current contract with the PASC until August 31, 2010, CGHs, mc
- 5 Proposed Discount Matrix
 - The matrix was used by the City of Port Angeles as a mechanism to give a discount to low income families (average savings of 30%). Jayna Lafferty explained the application process that is currently in place. There is an average of 5-10 scholarships per month to participate in this program. The finance committee has not reviewed the matrix and he would like to postpone this item to give them time to review and discuss.

Charlie shared the free or reduced lunch program at the school would fall under the same guidelines. The child could show the ticket issued to them at the school for the same discount

completing an energy survey to quantify the energy needs as well as the structural integrity and longevity of the pool. This process will assist the board is knowing how many years the pool is expected to last and the energy upgrades that are needed to bring it up to standards. The original pool was built in 1961 and opened in 1962 at a cost of \$3,500. CGH shared this is the exact sequence this should be done.

ACTION TAKEN: CPDm to approve, CGHs, mc

PUBLIC COMMENT

Richard Johnston, 621 Sisson Road, Port Angeles, said he felt in the past the pool employees were micro-managed and hopes the current board does not plan this type of management style. He believes the pool manager should be able to manage within the guidelines and boundaries the board has set for them.

Reasoning:

- Leah's schedule
- 4 times as many programs happen on Mondays as on Saturdays
- Attendance is twice as high on Mondays as on Saturdays
- Leah is only scheduled for 35 hours a week enabling her to cover training and special events on weekends when needed

Leah is able to cover/teach needed classes on Mondays (currently the only available instructor to teach Mondays @ 6:45am)

- Leah has been consistently opening the facility at 5:30am during the week for years
- Erika's schedule
- The majority of the swimming lessons are offered from 3 to 7p Monday through Thursday.
- Erika will be able to oversee nightly maintenance and maintain the cleaning supply inventory.
- Erika will be able to oversee the more extensive weekly cleaning done on Sunday nights and ensure it is done correctly.
- Full time staff will do a rotating on-call shift during every third week to respond to problems and emergencies.

On-Call Policy

When the facility is under the supervision of a Head Guard, one full time person will be on-call. This person will be required to be reachable by phone and be able to be at the pool within 20 minutes.

Any time spent on the phone or coming into the pool will be documented on the timecard. There will be a rotating on-call schedule. Each full time person will be on call every 3rd week. This schedule, along with a contact number, will be posted on the weekly staff schedule. If the scheduled on call staff is unable to work their on-call shift, they will need to follow procedures for finding a sub.
