# Approval of Amendment 2 (City of Port Angeles) for Operation of WSMP

Kent Myers, City Manager of Port Angeles explained the extension of the agreement to terminate on May 31, 2010. The City of Port Angeles has not been charging the district for all of their indirect costs and he urged the district to move forward with the transition of the district running the pool.

CMD expressed his hope that the City of Port Angeles will be flexible in the termination of running the pool and hopes if a major problem occurs the previous entity will step forward to assist. CCK thanked Kent Myers and the City of Port Angeles staff who have been so supportive, putting in extra time and effort during this transition.

**ACTION TAKEN:** CCKm to approve the contract amendment 2 (City of Port Angeles), CGHs, CCK and CGH withdrew their motions. CMCm to approve the contract amendment 2 (City of Port Angeles), CGHs, mc. CCK and CPD abstained.

# Presentation of Recommended Strategic Plan - Citizens' Advisory Committee

This presentation is from the citizens' advisory committee with input and general concurrence from the finance committee. Tom Bock, WSMPD Citizens Advisory Committee showed a PowerPoint presentation and walked everyone through all of the aspects of the proposed plan. Tom thanked everyone involved in putting the plan together.

# MINUTES for the Meeting of March 23, 2010 WILLIAM SHORE MEMORIAL POOL DISTRICT BOARD OF COMMISSIONERS Page 2

# **Budget**

Tom Bock explained each budget line item; the finance committee suggested some changes to the preliminary data and those changes have been incorporated. Charlie McClain distributed a proposed 2010 budget. Tom Bock expressed that although some of the numbers presented in the PowerPoint are different than what was distributed; the bottom line remains the same.

**ACTION TAKEN:** CCkm to approve the amended budget, CPDs, mc

# **Aquatics Director Position**

CMD asked about the Aquatics Director position responsibilities and the timeline of having them in the position in August 2010. Charlie explained based on the presented information the director would be in charge of operations and would be the focal point of all planning and operations. Some were concerned this may be too much for the director to take on and suggested breaking the position into two, Executive Director and Operations Manager. Tom Bock agreed and shared the advisory committee felt a multi-tier management plan would be best however they would like to allow the Executive Director that is hired to decide what personnel structure works best for the pool based on their experience. Tom Bock explained the expenses involved in advertising for the position and shared all places where the information would be posted. CMD asked that the Association of American Cities be added as well.

#### **Unclaimed taxes**

CCK asked about the figure presented as unclaimed taxes (\$25,000) and was surprised with the high dollar amount. Charlie McClain explained the five percent reserve is the amount that is projected that will not be collected in 2010 of the \$475,000 that is assessed in property taxes. In future years this number would be lower by previous years property taxes paid in future years and thus would offset the number.

## **Transition Strategy and Timetables**

Tom Bock explained the transition strategy and time tables. From May 1 – August 31 is the time needed to transition to a full-time Aquatic Director. Tom Bock was asked if the timelines could be moved up if the plan was approved today and he shared they advisory committee felt all of the timelines could move up if this was the case.

# **Interim Director/Current Employees**

The Citizens Advisory Committee would like to appoint Jayna Lafferty, current Aquatics Manager as the interim Aquatic Director. Jayna would become an employee of the WSMPD and her duties would include the posted job requirements and other duties as assigned. The committee would like to see Jayna on a three-month contract to end on September 1 when the newly hired Aquatic Director would begin. Craig Miller will begin working immediately on drafting a contract for Jayna to begin working on behalf of the WSMPD in addition to her responsibilities as an employee of the City of Port Angeles.

It is also their recommendation that all of the current staff become employees of the WSMPD (if they so desire) after going through the proper application/background check. Salaries will be based upon a new salary schedule that will be created. The six-month period from June 1 – December 1 would be considered a probationary period for all pool employees. A new pay scale will need to be developed with updated job descriptions as well as policies and procedures operating manual.

# MINUTES for the Meeting of March 23, 2010 WILLIAM SHORE MEMORIAL POOL DISTRICT BOARD OF COMMISSIONERS Page 3

Leah Gould asked about the two-month application process for a director and felt this was a long duration of time to appoint a new director. Tom Bock explained that originally it was a 1 month time period however after discussion they felt a longer time period would allow for a more competitive applicant pool.

# **Administrative Costs**

Charlie McClain explained the finance and advisory committee determined the most inexpensive way to handle the accounting and payroll needs of the district was to do it from one location. Charlie has offered to handle those needs at McClain and Crouse Accounting for an additional \$600 per month (Addition of current \$200 per month for a total of \$800 per month for all accounting/payroll/taxes).

# **Letter of Intent**

The advisory committee asked about writing a letter to the City of Port Angeles to indicate the districts' intent to take possession of assets relating to the pool facility (including office furniture and equipment). CMC asked City of Port Angeles Manager, Kent Myers if he could get the information about the legality of transferring assets to the district. Kent Myers shared that he will meet with Bill Bloor about the legalities and get back to the district prior to the next meeting held in April. Jim Jones, County Administrator, shared that it will take a declaration of surplus to transfer the furniture and furnishings of the WSMP to the WSMPD.

# **Structural Survey**

The advisory committee requests the Board of Commissioners authorize the expenditure for a structural survey of the pool. There is currently no structural survey regarding the condition of the pool and feels there is a need to have current knowledge of the structure. This survey would also help to prioritize future expenditures. Steve Burke said the pool was built in 1962 and currently has no vapor barriers on the inside and no insulation on the outside. Because the pool does not have a dehumidification system the structural survey will assist to determine if any damage has occurred with the concrete walls. The advisory committee is checking with the some local vendors to see what the costs would be to have this done and will bring the information back at the next meeting.

CMD asked if energy updates could be done as part of the survey, (solar and insulation) that may be able to cut the costs. Steve Burke explained that they are looking at addiction surveys to address other issues. They are also looking at a program that has been used at North and Central Kitsap that is an audit that is done by a company out of Olympia. Both schools have been very pleased with how the survey has helped to reduce their budgets.

# **Letter to Current Employees**

A letter needs to be drafted to all current WSMP employees stating that it is the board's intent to continue their employment on a temporary basis and would include language about the probationary period. CCK expressed her appreciation and support to the current pool staff as the district moves through this transition and commends the good work of the citizens' advisory committee.

# **New Forms**

It is necessary to have new forms created with the William Shore Memorial Pool District name and possible logo. Some of the items include employment applications, letterhead, envelopes, and uniforms.

# MINUTES for the Meeting of March 23, 2010 WILLIAM SHORE MEMORIAL POOL DISTRICT BOARD OF COMMISSIONERS Page 4

**ACTION TAKEN:** CPDm to approve the transition strategy as outline in 2.2.1 and authorize the finance and advisory committee to approve the dates and the final job description of the Executive Director, CCKs, mc

# **Operating Name / Logo**

The advisory committee would like to have the operating name of the pool be shortened to William Shore Pool and take district off for the purpose of marketing, uniforms, signage, etc. Craig Miller shared that public entities are entitled to adopt doing business as (dba) name. Tom Bock offered a couple of logos that were created by him. CMC asked Jayna to take the information back to the pool and develop a contest that would include the public on coming up with a logo for the swimming pool. The winner of the contest will receive free swimming pass for one month.

#### Website

Steve Burke paid \$5 to purchase the site of <a href="www.williamshorepool.org">www.williamshorepool.org</a>. The site would be dual purpose for pool information as well as information about the district including meeting agendas, minutes, contact information, etc.

# Friends of the Pool

Due to the interest of pool users willing to volunteer their time, the advisory committee would like to create "Friends of the Pool." This would be a group of people who will assist with fundraising and volunteer efforts. All funds raised from the volunteer's time will be restricted to visible improvements and public benefit. Charlie McClain said it normally takes about \$2,000 to create a 501c3 organization and get it up and running. The WSMPD will not be able to have any affiliations with the Friends of the Pool or the revenue that is brought in and the advisory committee will need to have fund-raisers to earn the money to get it up and running.

Craig Miller shared the Municipal Pool District is a 501c1 organization which means that any contribution made is tax deductible. You do not have to have a 501c3 to exist to accept tax deductible contributions. The primary purpose for creating a separate 501c3 separate from the entity was the 501c3 is not subject to the spending limitations that apply to a public entity.

# **Summary**

Along with providing pool services, all WSMPD Commissioners and the Citizens Advisory Committee members believe the WSMPD operates as fiscally conservative as possible. The goal of the WSMPD is to maintain the faith of the taxpayers and this is achieved by a "Lean & Mean" approach to budgetary items.

CPD commended Tom Bock, Steve Burke and the advisory committee members for an excellent presentation. The committee did have input for everyone on the team and they hope they are able to move forward and make this happen.

CGH would like to see the scope of what needs to be done during the closure, costs involved and the time period that will be involved.

## **PUBLIC COMMENT**

There was no public comment.

Memo To: WSMPD Board

From: Craig L. Miller

Re: Maintenance Contract with City of Port Angeles

Date: April 29, 2010

Attached to this memo is a draft of a proposed Maintenance Agreement with the City of Port Angeles for the William Shore Pool, proposed to go into effect on June 1, 2010. Please review this Agreement, which has been reviewed by Charlie McClain and me, and is recommended by us. While not yet completely final, the City Attorney still having to review it, only minor tweaks might be needed. I would request that the Board approve this Agreement in principle, delegating to the chairman and me the ability to finalize this Agreement. If any major changes are needed, we will return this Agreement to the Board at its meeting of May 26, 2010.

# **DRAFT**

# Agreement Between the City of Port Angeles and the William Shore Memorial Pool District

Tammy,

I apologize for the late notice.

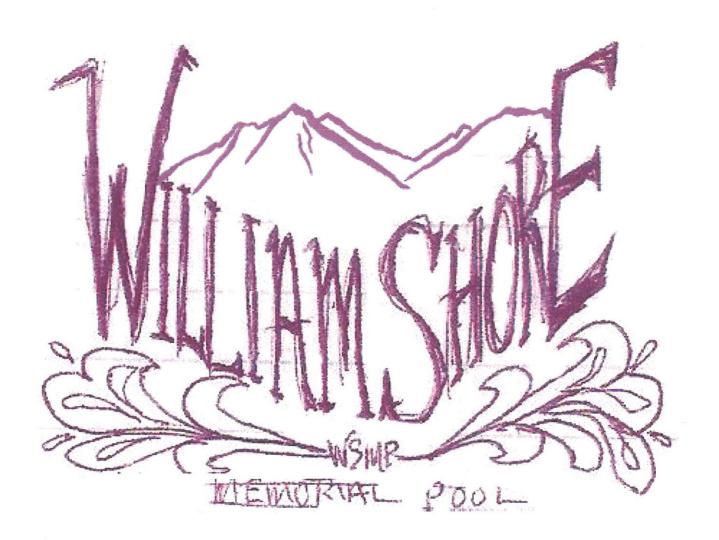

After the Advisory Committee meeting, these logos were the top four of the contributions. If there is a way for you to get them into the packets of the Commissioners before the Tuesday meeting?

Thanks, Tom
